SUMMARY

MCA graduate (2026) with knowledge of Python development, data analytics, cloud computing, and web development. Familiar with AWS services (IAM, VPC, EC2, S3), CI/CD, containerization tools (Jenkins, Docker, Kubernetes), cybersecurity and penetration testing tools (Kali Linux, Nmap, Metasploit, Burp Suite, Wireshark), and Power BI. Seeking entry-level opportunities in AWS Cloud/DevOps, Python Development, Cybersecurity, Data Analytics, Power BI Development, and Network Engineering to apply technical knowledge and contribute to organizational growth.

TECHNICAL SKILLS

- **Cloud (AWS):** Amazon Web Services, EC2, S3, IAM, VPC, CloudFront, Lambda, DynamoDB, Auto Scaling, Cloud Security, Serverless
- **DevOps and Monitoring:** CI/CD Pipelines, Jenkins, Docker, Kubernetes, Ansible (Automation), Git, GitHub, Prometheus, Grafana, Linux, Version Control
- **Cyber Security:** Vulnerability Assessment, Penetration Testing, Ethical Hacking, Security Testing, Kali Linux, Metasploit, Burp Suite, Hydra, TryHackMe
- **Networking:** Network Security, Network Analysis, Packet Capture and Analysis (Wireshark), Network Scanning (Nmap), Cloud Networking (VPC), Troubleshooting
- **Programming and Databases:** Python, SQL, JavaScript, HTML, CSS, Flask, REST APIs, MongoDB (NoSQL), Pandas, Automation Scripting
- **Data Analytics and BI:** Power BI, Data Visualization, Dashboards, KPIs, Microsoft Excel, SQL, Python, Data Cleaning, Statistical Analysis, Reporting

INTERNSHIP EXPERIENCE

NASSCOM | Google Cloud Generative AI Program **Jul 2025 – Sep 2025**

- Completed applied training in generative AI, Large Language Models (LLMs) and prompt engineering using Google Cloud AI tools and cloud-based machine learning concepts.

Ministry of Micro, Small and Medium Enterprises (MSME) | Data Automation & Analytics Intern **Jan 2025 – Mar 2025**

- Automated data processing, cleaning, statistical analysis and visualization workflows in Python, reducing manual effort and supporting data-driven decisions.

Zendo Dot Digital Pvt. Ltd. | Data Analyst Intern **May 2023 – Oct 2023**

- Performed data collection, cleaning and analysis with Excel, SQL and Python; built interactive Power BI dashboards and automated recurring reports to improve data accuracy.

Zendo Dot Digital Pvt. Ltd. | Python Developer Intern **Sep 2022 – Feb 2023**

- Developed Python backend applications and RESTful APIs with MongoDB; debugged code, optimised performance and followed software development best practices.

PROJECTS

Smart Fire Detection and Alerting System using MQ-2 Gas Sensor with IoT Integration

- Built a real-time IoT monitoring system using an ESP32 and MQ-2 sensor to track smoke and gas levels, with automatic email alerts and buzzer notifications. *(IoT, ESP32, MQ-2 Sensor)*

OTT Video Streaming Service to Improve the Adaptivities of the Television System

- Designed a cloud-based streaming architecture using Content Delivery Networks (CDNs), increasing content delivery efficiency by 40% and reducing server load by 50%. *(Cloud, CDN)*

FIFA World Cup: Data Analytics and Interactive Dashboard using Power BI

- Built an interactive Power BI dashboard with KPIs and data visualizations analysing team performance, goals, host countries and match statistics. *(Power BI)*

Weather Forecast Web App

- Built a Flask web application integrating a public weather REST API to deliver real-time forecasts for multiple cities. *(Python, Flask, REST API)*

EDUCATION

S.A. Engineering College **Jul 2024 – Apr 2026**

Master of Computer Applications (MCA) | CGPA: 7.60

Vels Institute of Science, Technology & Advanced Studies **Jul 2019 – May 2022**

Bachelor of Computer Applications (Cloud Technology and Information Security) | CGPA: 7.53

CERTIFICATIONS AND ACHIEVEMENTS

- **Certifications:** CompTIA Security+ (SY0-601); Penetration Testing and Ethical Hacking; Check Point Cloud Security (Cybrary)
- **Training:** AWS and DevOps Course, Yum Technology (Dec 2023 – Feb 2024); TryHackMe hands-on cyber security labs
- **Achievements:** Top 50 Finalist, National Level Hackathon (KPR Institute of Engineering and Technology); Top 10 Finalist, Web Scraping Hackathon (SA College of Arts and Science)
